**FOR IMMEDIATE RELEASE**

# **CSG awarded prestigious President's Club status by Microsoft**

## **Microsoft honours CSG for outstanding customer commitment and achievement**

IT services company CSG (ASX:CSV) has been honoured by Microsoft Corp. and named to the 2009 Microsoft Dynamics President's Club receiving recognition for its dedicated commitment to customers.

The prestigious President's Club recognizes the top five percent of Microsoft Dynamics partners worldwide.

It honours their success and constant dedication to meeting unique customer needs, achieving high levels of customer satisfaction and delivering solutions which allow customers to accomplish new levels of success.

This top accolade came during Microsoft's worldwide partner conference this year in New Orleans.

Doug Kennedy, Vice President, Microsoft Dynamics Partners says "Microsoft is proud to congratulate CSG on being named to the 2009 Microsoft Dynamics President's Club.

"This accomplishment is a result of CSG demonstrating unparalleled commitment by investing in the success of Microsoft Dynamics, our customers and solutions" Doug says.

The CSG Microsoft Dynamics business (part of CSG's Enterprise Services business) specialises in CRM and ERP solutions and has grown substantially in the past twelve months. It now services almost 100 Dynamics customers nationally.

Jason Ferguson, CSG's National Microsoft CRM Practice Manager says "being awarded President's Club status is representative of the tremendous success we have had in the Dynamics space.

"Our growth in the sector can be contributed to us delivering quality solutions to our customers that have a real positive impact on their business.

“Achieving high customer satisfaction and helping our customers select the right solutions and services is at the core of what we do and we are delighted to be one of the very few organisations worldwide to be formally recognised by Microsoft for that”

CSG employs two CRM MVPs (Microsoft Most Valued Professionals), a title by which Microsoft recognizes exceptional technology leaders. There are only 30 individuals with CRM MVP status in the world and only 3 in Australia.

A Microsoft Gold Certified partner CSG offers consulting, implementation and training services for Microsoft Dynamics products as well as a large range of other products across the Microsoft technology stack.
